

MATTHEW KOENIG

SEATTLE, WA

+1 (206) 799-4007 | mattdkoenig@icloud.com | www.mdkoenig.com (portfolio)

SUMMARY

Product manager with experience working at the intersection of software engineering, mobile design, and digital strategy. Experienced with modern mobile web and native software product lifecycles and frameworks. My mantra; *always bring the donuts, ask questions to deeply understand your users' needs, and make decisive tradeoff decisions that position the product to be successful in the market.*

My side projects and continued education is showcased on my portfolio site www.mdkoenig.com

PROFESSIONAL EXPERIENCE

EXPEDIA GROUP • Seattle, WA

2018 – Present

PRODUCT MANAGER III, MOBILE

- Led product strategy for the Progressive Web Application (PWA) storefront and entry pages driving “trip shopping,” on the forefront of a broader product strategy shift across organizations
- Utilized core GraphQL infrastructure to develop cross-application (web and native) experiences that reduced core API development spend by 66% and improved feature time-to-market by 40%

PRODUCT MANAGER II, STOREFRONT

- Led implementation for the next generation storefront built on Progressive Web Application (PWA) framework and resulted in a 30% improvement in technical performance of the homepage
- Delivered successful global rollout of new PWA storefront for flagship brand across 42 markets

PRODUCT MANAGER I, SEARCH LANDING PAGES

- Led product strategy for a proof-of-concept Progressive Web Application (PWA) implementation for SEO search landing pages and resulted in a 30% improvement in technical page performance
 - Improved SEO page rank by 6% due to technical optimization and customer experience improvement of the new Progressive Web Application (PWA) implementation
-
